

CHICAGO (AP) — David J. McDonald, president of the United Steelworkers of America, said here today that Canada's maritime union troubles may affect members of his union "if there are any more ships involved."

poet Giorge Sefieris was awarded the 1963 Nobel Prize in literature today. Sefieris, a diplomat, is the first Greek ever to receive a Nobel Prize.

The 18-member Royal Swedish Literary Academy said that Sefieris was awarded 285,000 crowns, or \$31,550, "for his eminent lyrical writing, inspired by a deep feeling for the Hellenic world of culture."

Shefford said his group will back any move to cut out wind and useless debates.

Similar committees set up in recent years failed to agree on most of the proposals they dis-

agreed, saying the resolution stage is useful in reshaping

Similar committees set up in recent years failed to agree on most of the proposals they discussed. Mr. Diefenbaker also suggested that a research staff be set up to study the problems. Mr. Diefenbaker disagreed, saying the resolution stage is useful in reshaping and useless debates. Sheford said his group will back any move to cut out wind.

DIANA CHURCHILL

Diana Churchill Took Own Life

LONDON (AP) — A coroner ruled today that Sir Winston Churchill's daughter, Diana, who was found dead in her room last Sunday, took her own life with an overdose of sleeping pills.

Mrs. Churchill, who resumed the use of her maiden name but retained the title of Mrs. Churchill, her divorce from Colonial Secretary Duncan Sandys, was 54.

Coroner Gavin Thurston did not specifically call the death a suicide, a legal term. He listed the cause of death as acute barbiturate poisoning, self-administered, and said she took her own life.

Keith Simpson, a pathologist, testified that he had recovered the equivalent of 17 sleeping pills from Mrs. Churchill's body. He said she probably took half again as many in one dose. He also found she had drunk about one-third of a bottle of whisky.

Ironically, for the last 18 months her main interest had been working for an organization called the Samaritans, which seeks to dissuade people with a suicidal urge from killing themselves.

STATE EXPENSE
BRUSSELS (AP) — By royal decree, Belgium's so-called thalidomide children will be treated and educated at state expense. About 40 babies were born deformed in Belgium after their mothers took the drug thalidomide during pregnancy.

Greek Master Won't Take Load To Cuba

SYDNEY, Australia (AP) — The Greek master and crew of the freighter Yanina have refused to divert a shipment of 12,500 tons of Australian wheat from Red China to Cuba.

The 19,651-ton Yanina was chartered by the Red Chinese to transport the wheat from Sydney to Shanghai. However, after the freighter left Sunday, orders were received to proceed to Cuba. The captain refused and dropped anchor about a mile from Sydney Harbor.

Officials believe the wheat was being diverted to Cuba to aid victims of Hurricane Flora. The Greek government has ordered ships flying the Greek flag not to carry cargo to and from Cuba. However, the Yanina is registered in Lebanon.

Joan Davis' Kin Die In Blaze

PALEM SPRINGS, Calif. (AP) — The mother, daughter and two grandchildren of late comedian Joan Davis were killed in a pre-dawn fire today, the fire department said.

Fire officials said the blaze broke out in the master bedroom of the home of the comedian's daughter, Mrs. Beverly Colbert, 29. The bedroom and an adjoining bedroom were destroyed but the rest of the house suffered only smoke damage.

Also killed were Mrs. Nina Mae Davis, 70, and Mrs. Colbert's two children, Guy, 7, and Larry, 4.

The coroner's office listed the cause of the fire as smoking in bed.

Terrorist Says He Burned Truck

THROU-SHIVIERES, Que. (CP) — An army truck was destroyed by fire early today and a person identifying himself as a separatist terrorist telephoned radio station to say he was responsible.

Radio station CKTR in this city 90 miles northeast of Montreal was told of the fire by a person calling himself a member of Le Front de Liberation Quebecois.

The ton- and a-half truck parked outside the armory was destroyed.

The last act of terrorism attributed to the FLQ was a dynamite explosion outside a Royal Canadian Electrical and Mechanical Engineers building in Montreal May 20 following three months of bombings in which one man was killed and another seriously injured.

U.S. Government Sells Reds Corn

WASHINGTON (AP) — The U.S. government has cleared the way for sale of 1,200,000 bushels of corn to Hungary. But the larger issue of wheat sales to the Soviet bloc remains confused.

Cabinet officers luddled Wednesday with a Soviet trade delegation and failed to iron out the chief obstacle to completion of the wheat deal—the higher shipping rates charged by American shipowners.

There is a growing feeling here that the problem can be resolved only by a White House decision, not through negotiation.

The corn sale to Hungary was resolved smoothly because corn and other grains are exempted from the condition that wheat sold to the Soviet bloc must be carried in American ships where "available."

The commerce department approved the \$1,929,384 shipment by issuing a license for its export, and a spokesman for Cargill Incorporated, big Minneapolis grain processing and shipping firm, said the corn will be shipped soon, probably from an east coast port.

Involved are 30,000 bag tons of corn—about one-third the amount the Communists are expected to buy and a mere 100,000 when compared to the \$25,000,000 worth of wheat whose sale now appears clouded.

In giving advance approval of grain sales to the Soviet bloc, President Kennedy stipulated that shipments be made on American ships when they were available. Last Friday the commerce department exempted grains other than wheat from the requirement.

Lord Nathan Dies In Hospital

LONDON (Reuters) — Lord Nathan, 74, a Labor opposition peer and one of the leaders of British Jewry, died Wednesday night in hospital.

He was a former civil aviation minister and undersecretary for war.

Lord Nathan spent six years as Labor MP Harry Nathan. His son, Capt. Roger Nathan, 41, succeeds to his title.

Vatican Council Action Sought On "Equality Statement"

VATICAN CITY (AP) — A group of 147 U.S. prelates urged the Roman Catholic ecumenical council today to make a strong declaration on racial equality.

Bishop Robert E. Tracy of Baton Rouge, La., speaking for the American bishops and archbishops, proposed that a council document on the laity be amended "to emphasize the equality of all members" of the Roman Catholic Church.

A council press spokesman paraphrased him as telling the 2,300 prelates in St. Peter's Basilica that "discrimination based solely on race can not be reconciled with our belief that God created all men equally."

In another council action, the assembly voted approval of a document modernizing the discipline of the daily prayers every priest must read, and encouraging all Catholic laymen to take up the practice.

Bishop Tracy took the floor as the council wound up debate on the laity chapter of the schema, de ecclesia, which examines the structure of the church. The chapter discusses the role of the laity.

The Louisiana prelate said the text of the laity chapter should insist "on the principle that there can be no inequality on the basis of national origin, so-

spoke makes up about half the U.S. Roman Catholic episcopate.

NAPOLEON'S MARRIAGE BED AUCTIONED FOR \$10,640

This mahogany marriage bed built for Napoleon Bonaparte in 1804, and auctioned with a two-year-old son, was sold for \$10,640 at a London, England, auction. The bed, which was part of the collection of the late Duke of Wellington, was sold by Sotheby's.

NAMES IN NEWS

Trusteeship Chairman Calls It Three Year Job

Mr. Justice Dryer told reporters Wednesday night he didn't want any part of the trusteeship, but accepted the assignment, which could last three years, because "there's a job to be done."

Paul Philippe of Nanaimo has been named the outstanding air cadet among 25 Canadian cadets who visited the United Kingdom this summer. He will receive the Dawson Shield as "the cadet whose conduct best exemplifies the spirit of exchange visits."

Rev. J. D. Yoon of Sylvan Lake, Alta., was elected moderator of the 56th Presbyterian Synod of Alberta at the opening meeting Tuesday at Lethbridge.

National Leader T. C. Douglas of the New Democrats said his group will urge a national shipping controller to back up the trusteeship as was appointed in the late 1940s of the SIU and its members continue to defy back-to-work orders.

Magistrate Eric Winch ordered three teenagers to write 2,000 word essays on "Conservation of B.C. Salmon" after a Fisheries Department officer said he had seen the boys shooting salmon in Nanaimo River with a 22-calibre rifle.

J. V. Hughes, president of the B.C. Hospitals Association, said his group plans to help Wednesday hospitals want the right to develop new sources of revenue outside the hospital group, which is facing a budget crisis.

AMBASSADOR LODGE

U.S. Ambassador Henry Cabot Lodge is being called home from South Viet Nam for consultations with President Kennedy, it was reported Tuesday.

Bill Wattmeyer, Calgary, head of the National Indian Council, said his group plans to help Wednesday hospitals want the right to develop new sources of revenue outside the hospital group, which is facing a budget crisis.

Many Bilingual Canadians Between Ages Of 15 And 44

OTTAWA (CP) — Approximately 1,318,500 or 59 per cent of the 1,318,172 bilingual persons in Canada in 1961 were 15 to 44 years of age, the Dominion Bureau of Statistics said today in a census report.

A total of 11 per cent were under 15 years, 22 per cent were 15 to 24 years and seven per cent were 25 to 44 years of age. Slightly more than one-third of those reporting they could speak English only were under 15 years of age, while 51 per cent were 15 to 24 and eight per cent were 25 and over.

Of those speaking French only, 41 per cent were under 15 years of age, another 41 per cent were between 15 and 24 and 18 per cent were 25 and over.

About 11 per cent of those unable to speak either English or French were 65 and over, while 41 per cent were under 15 and 48 per cent between 15 and 64.

Stevodore Strike Idles 6,000 Britons

LONDON (Reuters) — More than 6,000 stevedores went on strike in the port of London today, causing widespread disruption.

Work on several ships loaded with huge import consignments of food, timber and other raw materials was brought to a halt.

Experts worth thousands of pounds were piled on wharves waiting to be put aboard strike-bound vessels.

...about Indian employs in Canada.

Mr. Justice Victor Leonard Dryer, 52, chairman of the three-man board of trustees set up Wednesday for the water-front unions, said Wednesday night, "I long ago learned the first thing you do is get to know the facts, then you check the law, then you decide what you're going to do. I haven't done either of those yet."

Canada-U.S. Discussion Suggested For Wheat

WASHINGTON (CP) — A state department official suggested Wednesday the Canadian government should take the initiative and invite U.S. government officials to a meeting in Washington to discuss wheat marketing.

The official said the U.S. government has been "satisfied" with the current wheat marketing arrangement between the two countries.

Henry Brodie, head of the department's office of international resources, said in an interview, "The people down here are still quite concerned about this problem. There has been no satisfactory solution."

"I think the sooner we can sit down and bury our disagreement through some new understanding on wheat prices, the better Canadian who was born at the better," said Brodie, a former Ottawa and became a U.S. citizen in 1942.

"My first thought was to have the U.S. administration take the initiative and call a meeting, but on consulting my colleagues, I find they are too tied up with other matters to make adequate preparations."

"My second thought is that it would be better if the Canadian government took the initiative and invited our people to a meeting."

The 60-year-old veteran diplomat directs an office that is charged with the job of exploring international commodity

RACING TROPHY STOLEN TUESDAY

MELBOURNE (Reuters) — The Melbourne Cup, Australia's premier racing trophy, was reported stolen Tuesday night. The cup is awarded for the country's best known race, a mile of Australian derby which attracts half a million spectators.

The cup's actual value, aside from its symbolic worth, is equivalent to about \$1,700.

Japanese Prime Minister Calls General Election Nov. 20

TOKYO (Reuters) — Prime Minister Hayato Ikeda today dissolved the House of Representatives and ordered a general election, expected to be held Nov. 20.

The election will mainly test voters' opinions of government economic policies.

Under the Ikeda's "income doubling program" Japan has had an unprecedented economic growth.

The opposition Socialist party claims the government's economic policy has failed in view of a current sharp rise in consumer prices.

Gas Franchise Under Discussion

MONTREAL (CP) — The city of Montreal has been given a week to produce an expert witness to support its recommendation that natural gas distribution in Quebec province be placed in the hands of a provincial Crown company.

The city's brief was presented at the opening of an investigation into provincial gas distribution by a three-man commission, which is to report to the Quebec government Dec. 1.

The city said the Quebec Natural Gas Corporation, which serves the Montreal area, has not "grown into a financially successful, mature company" and after five years of operation is "on the brink of financial disaster."

The 1964 Ambassador V8 is a very special car—for very special people

990-2 Door Hardtop

No car made in Canada offers greater luxury or more distinctive features than the new 1964 Ambassador V8. The padded, wrap-around dash curves gracefully into the doors. A wood-grained finish adds distinctive beauty to instrument and door panels. There's curved glass in the side-windows... rich upholstery and carpeting... a wide selection of seating arrangements.

It's a car with distinctive beauty. The 1964 Ambassador V8 has a smart, clean look—the result of Rambler's exclusive Uniside construction. Uniside construction (with the entire sides of the car stamped out of single sheets of steel) grew out of Rambler's famous Single-Unit construction. It adds functional beauty to greater strength and longer life.

1964 Ambassador is equipped with a powerful 250 hp V8 engine (270 hp optional). This engine gives the Ambassador a power-to-weight ratio that is truly outstanding, performance that is excellent by any standards.

It's a car with value. In addition to performance, in addition to luxury and distinctive beauty, the 1964 Ambassador V8 features the world's most complete rustproofing, a guaranteed Ceramic-Armoured muffler system, guaranteed battery and coolant, a battery-saving alternator, 3-year or 33,000-mile lubrication, 2-year or 24,000-mile warranty on the entire car, and self-adjusting Double Safety Brakes.

There's no question about it. The 1964 Ambassador V8 is a very special car... for a very special person. Is it you?

was sold for £32,000 (\$50,000)
A painting entitled The Bath

WASHINGTON (UPI)—A sister of John F. Foster Dumes, the first U.S. ambassador to Mexico, said he was "frustrated with cancer to such a degree he could defeat the United States" and "did not appear to anticipate that his work on earth was to end."

Eleanor Lansing Dumes reports that and other intimate details about President Eisenhower's 1953-59 state secretary in a book published Tuesday entitled John Foster Dumes: The Last Year (Published by Har-

when he played host to Chicago under world champion Sam Moses; champions at the Cal Nevada Invitational; and a "gaming authorities issued a complaint to the commission giving Sinatra until Oct. 7 to answer. Instead of filing a notice of defense, Sinatra asked the commission to terminate all of his Nevada gambling licenses."

Ernest J. Jones says that when he last saw his wife, she was taken to a hospital in Maryland March 30, 1969. He was in such pain from the cancer that took the life the following May 24 at age 71 that the writing was nearly illegible.

OLD VIENNA

D'WEEET BREWING CO. (B.C.) LTD.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

"Most of Canada" will have above-normal temperatures from mid-October to mid-November, according to the long-range outlook of the United States weather bureau. The prediction, based on observations and subject to error, calls for east-normal temperature in British Columbia, light to moderate precipitation will prevail over most of Canada. Totals give precipitation in inches of rain.

WINNIPEG (CP) — Western Canada's red spring wheat crop is reported to have an average yield and baking quality for the seventh consecutive year.

A report from the board of grain commissioners' laboratories today said the average protein content of 6,184 samples tested was 16.3 per cent—the third highest rating on record. The long-term average is 15.6 per cent.

The production of the variety is expected to be about 646,000,000 bushels, of which 90 per cent will grade out at No. 2 and No. 3 northern.

The average weight of a bushel of northern grades one to four was expected to be 61.5 pounds, slightly lower than normal.

The report said that because of the inverse relation between bushel weight and protein con-

tent, these lower grades of the variety are high in baking strength and supporting value.

The board's report on the crop, the report said, the first yield of the product is expected to be slightly lower with a attendant rise in such matters as the flour color is about the same.

The report also said that the 42,400,000-bushel amber durum crop anticipated for 1970 was a grade 1 and No. 2 and No. 3 Canada western was an average protein content of 16.3 per cent and an average bushel weight of 64 pounds.

Again, compared with 15 years' record crop of 65,900,000 bushels, the product this year is slightly lower in average weight but higher in protein content.

The malted quality is considered as high as last year's.

LIVERPOOL (CP).—Sir Henry Lambton, Britain's new high commissioner to Canada, sailed from Liverpool today aboard the liner Empress of Canada to take up his appointment in Ottawa.

Sir Henry was accompanied to his wife, a former civil servant and their two children.

Also aboard the liner was Capt. Donald Smith of Vancouver, who recently visited Scotland to attend the Highland Games as a guest of Prince Philip, a wartime comrade-in-arms. In 1942 Smith commanded the Canadian Pacific liner Empress of Asia.

ST. JOHN'S, Nfld. (CP)—An East German seaman who tried to leave his ship to seek political asylum here was forced back aboard the factory vessel by fellow crew members, a witness said Tuesday.

The seaman approached a night watchman at the pier with his ship, the Bertholt Bracht, and asked for swimming repairs. He was charged with a political sanctuary and wanted to get in touch with the police, the watchman said.

City police were called, but left after deciding it was a matter for either the RCMP or the immigration department, so the watchman called the RCMP.

Before they could arrive, four crew members of the ship came to the wharf and dragged off the would-be refugee.

"He put up a big struggle but he was overpowered and carried back on board," the watchman said.

By the time the RCMP arrived the incident was over.

MONTREAL (CP) — TCA plans to launch an extensive recruiting campaign for bilingual stewardesses within the next few weeks, a spokesman for the air line said today.

The spokesman said TCA estimates it will need 200 new stewardesses this winter and it forecasted the proportion of recruits fluent in both French and English will be larger than in the past.

"So far we have seldom been able to recruit as many bilingual girls as we need," he said.

The spokesman said TCA has had an annual turnover of 175 to 200 stewardesses in recent years.

The new recruits will be divided into three classes, one 60 to start training March, a third of 50 to start May, one of 90 to start April 20.

Of the approximately 200 stewardesses in service now 600 on domestic flights and 600 on international, about 50 speak both French and English. About 40 can speak at least one other language, usually German.

The spokesman said TCA "looking hard" for more German-speaking girls in an effort to build up its ranks of bilingual stewardesses for transatlantic flights.

MEN WANTED for Hazardous Journey. Small wages, bitter cold, long months of complete darkness, constant danger, safe return doubtful. Honor and recognition in case of success — Ernest Shackleton.

5.00 Down – 9.50 a Month

Bernard at Pandosy — Phone 762-2025

In answer to a 26-word advertisement published in The Times (London, Eng.), five thousand men and three women volunteered for the British Antarctic expedition in 1908.

From these, Ernest Shackleton chose 27 men for the venture that reached within 97 miles of the South Pole and won him a knighthood.

He said: "It seemed as though all the men in Great Britain were determined to accompany me, the response was so overwhelming."

In those days, the newspaper was the only link between strangers. It is the same today. People learn from their daily newspaper of world events—events that might change their lives.

Today, the daily paper plays an even more important part in your daily life. Only there can you find complete news of the world, of Canada and of your own community—and what's behind the news. These reports are more important today than ever before. Keep abreast of all the news every day . . . in your daily newspaper.

Too Much Copper In Blood Might Indicate Heart Attack

LOS ANGELES (AP) — Doctors someday may test your blood to measure far less than a penny's worth of copper. Too much copper in the blood might give advance warning of a coming heart attack—in time to prevent it.

The clue that copper could be involved in heart attacks was first reported today to the American Heart Association's council on arteriosclerosis by Dr. Denham Harman of the University of Nebraska school of medicine. He found significantly higher traces of the metal in the blood of 30 men, aged 35 to 55, who had had heart attacks compared with 30 other men of the same age who were judged

Do-It-Yourself Vogue Limit Reached By Wadena Doctor

WADENA, Sask. (CP) — Dr. Thomas H. Almond has carried the do-it-yourself vogue just about to the limit. He has constructed an electric pipe organ in his spare time.

And no ordinary organ is this. Compact in size it has 5 notes, half a mile of wiring and 30,000 points that had to be soldered.

With two slinky pipe organ keyboards, 22 independent tones or voices, six percussion voices and 17 low-tone foot pedals, the organ can reproduce the tone of a huge church organ as well as the sounds of a wide variety of other instruments.

The skill necessary for the task, which took 100 hours over the last year and a half, might seem unusual for a surgeon. But Dr. Almond admits that before medical school he earned an electrical engineering diploma in Doncaster, Eng-

Opening lead—ten of clubs.

Watson, how did you fare at the club today? queried Sherlock Holmes as he sat down and stretched his legs before the fireplace.

"Holmes," replied the doctor sadly, "I fear that ill fortune still pursues me. Today I had no good hands save one, and that one, ironically, also helped bring about my downfall."

"That sounds quite interesting," said Holmes, exhaling a huge cloud of smoke. "Tell me about it."

The doctor laid out the hand and reviewed the bidding. "I assume you were East," said the sleuth, "and declarer won the

YOUR HOROSCOPE

FOR TOMORROW
Again, stars are somewhat adverse where personal relationships are concerned. Many persons will still bear the burdens of tension and moodiness. No watch your step. Toss will be extremely sensitive. Romantic and social interests could prove disappointing, and the period is definitely not one in which to seek favors of any kind.

FOR THE BIRTHDAY
If tomorrow is your birthday, your horoscope indicates that, where both job and financial matters are concerned, efforts put forth between now and the end of February should harvest fine results. Originality and initiative expressed in occupational affairs could well attract the attention of those in au-

thority and put you in the way of future promotion. Monetary matters should also run smoothly during the same period, but don't expect further gains along these lines until next September. In the meantime, avoid extravagance and speculation—especially during March and April.

Where personal matters are concerned, look for: generous influences governing romance and/or marriage during January, May and June; good rap-

ports for travel between May and August; happy domestic relationships for most of the year.

If you avoid emotionalism and friction during the first three weeks of November and next May.

A child born on this day will be self-confident, gregarious and fun-loving.

LES CANADIENS

The figure-head of a golden swan, serving as the prow of the Royal barge (The Bapsang-hung) (Golden Swan) towers above Thai youngsters participating in grand regatta on Chao Phraya river in Bangkok. The colorful regatta consisted of a pageant of boats led by the Royal barge, in addition to boat races and entertainment aboard long boats.

NEW YORK (AP)—A woman today refused to feed her two defective babies, claiming her husband beat her and paid a nurse cash to feed them. The woman, who gave her name as Josephine, was taken to a psychiatric hospital for a psychiatric examination. She was held in the hospital, and her husband was taken there, and charged with the murder of the two children. Josephine said she was through with her husband because the woman is smaller and the operation.

The witness testified that he sold Mrs. N. when he had to avoid paying his income tax. He also testified that he had a hearing before the New York State legislative committee on maternal, child and family laws. The committee is surveying the laws with the intent of regulating marriage counseling services.

SELL FLYING-BOATS
LONDON (CP)—Britain's war office is trying to sell three Princess flying-boats. It suggests the craft would make ideal floating night clubs.

TO VISIT DUBLIN—The woman detective said the DUBLIN (CP)—Three Royal male counsellor said the Canadian Navy ships—the Algonquin, Cayuga and Micmac—would be no fee charged if she went out with him. He charged \$10 for his regular counselling services.

WASHINGTON (AP) — Nobel prize-winning scientist Dr. Pauling urged today the U.S. government to launch a special program Tuesday, calling it a "national demonstration."

Pauling, winner of the 1952 Nobel Prize, launched his attack at the end of a two-day lecture during the 16th anniversary convention of the U.S. National Academy of Sciences.

Pauling said scientists now have the knowledge to understand "and control diseases" that cause their "disasters" against us. The only thing we lack is money.

Pauling said of the Project Apollo program, designed to put a man on the moon by 1970:

"I believe that this is a political demonstration. Something is wrong with our system of values when we pay to spend our money on dreams for national prestige."

Project Apollo is estimated to cost between \$20,000,000 and \$40,000,000. That money, Pauling said, would help answer 1,000 interesting and important questions about the human body. For every one question answered, at least 100 more

MONTREAL (CP) — France is on display in Montreal this month as one of the world's great industrial powers.

With five days left attendance was approaching the 200,000 mark Tuesday at the today France in Canada exhibition in Montreal's Palais du Commerce.

The crowds roaming through the spacious hall need only go to some 40 companies emphasizing French achievements and ambition in the manufacturing transportation, communications and power industries.

A large exhibit is devoted to French petting in Canada, maps and charts showing how French cities are being taken apart and put together again, bit by bit.

[illegible]

OTTAWA (CP)—An army major's compact car sat perched over the lip of a pit-hole for nearly an hour Tuesday night when he tried to convince police by telephone that the hole actually was eight feet deep and measured 13 feet by 11 at the top.

The investigator said that after several sessions with the woman counsellor she consulted a lawyer, telephoned at her home that night, the end.

A black and white photograph of a modern interior design. The room features a low, dark sofa with a patterned cushion, a matching ottoman, and a small square coffee table. A large, abstract painting is on the wall. A smiling, stylized character is in the foreground.

If you've got a building plan that calls for panelling, then be sure to call at Haug's. Among the wide selection of panels, we'd like to draw your attention to two exciting finishes. Frosted woodgrain and Glacier woodgrain give you the very effect that their individual names imply, and both are V-grooved for added effect. Both come in four foot by eight foot sheets, $\frac{1}{4}$ " in thickness. As appealing as their good looks is the economical price. Though the appearance, the quality and the comparative newness of these panels suggests otherwise, they actually pamper your pocketbook. Just think . . . you can panel a wall sixteen feet long, eight feet high for us little as \$16.80, and you'll have new, exciting prefinished paneling.

FROSTED WOODGRAIN	4 x 8 Sheet	4.65
GLACIER WOODGRAIN	4 x 8 Sheet	4.20
